- Front suspension and shock assessment if applicable.
- Any other components (e.g., dropper post or pedals) will be assessed and serviced if required.

E-Bike Add On - £20:

E-bikes sometimes require a few extra checks with the electrical system and firmware. This add-on to our standard and Deluxe Services includes:

- Crank sensor clean and position check, with adjustment if required.
- Battery test and recharge.
- Software diagnostic check and update of firmware if required.

ALL PRICES EXCLUDE THE COST OF NEW PARTS.
THE FITTING OF ANY NEW PARTS WILL ALWAYS BE AGREED PRIOR TO THE WORK BEING CARRIED OUT.
